

Care, Patience and Love for people, especially the elderly, are the characteristics instilled in the minds and hearts of four individuals who gathered together to form Caregivers of Land Park.

Paul and Sally Cimino, and John Cimino Jr, who own assisted living facilities within the Land Park and Greenhaven neighborhoods are now extending help to seniors directly in their own homes. They created a shared vision of a non-medical home care agency that is guided by compassion and a genuine concern for the elderly. We live here, we work here, and it is within our neighborhood that we make a difference in the hearts and minds of the elderly and their families we serve.

CareGivers of Land Park serves clients in the Land Park, Pocket and Greenhaven area of Sacramento.
