

"We live here, we work here, and it is within our neighborhood that we make a difference in the hearts and minds of our seniors and their families we serve." –Caregivers of Land Park

Care, Patience and Love for people, especially our seniors, are the characteristics instilled in the minds and hearts of four individuals who gathered together to form Caregivers of Land Park, a non-medical in-home care agency, guided by compassion and genuine concern.

"Good customer service is SOOOO hard to find these days. I was a caregiver myself in my college days, and so with caregivers, I look for a strong sense of responsibility, reliability and relationship. CareGivers of Land Park's wonderful caregivers have demonstrated all three!"
